

# 100 “SMART CITIES” IN INDIA

Smart & Sustainable Cities Opportunities,  
Strategies for Indo - European Cooperation

20 May 2015  
Level-3, Room R2, CityCube Berlin

Organiser

Partners

“ Cities in the past were built on riverbanks, They are now built along highways. But in the future, they will be built based on availability of optical fiber networks and next-generation infrastructure ”

-Narendra Modi  
Prime Minister of India.

Indus Media together with partners such as Federation of Indian Chambers of Commerce and Industry (FICCI), ICLEI, KfW, National Institute of Urban Affairs (NIUA) will organise the summit as part of the Asia-Pacific Weeks Berlin 2015 and will take place at the Metropolitan Solution 2015 in Berlin CityCube. The one day summit will showcase various project announced by the Government of India under the “100 Smart Cities” initiative.

## Indian Government & Industry Delegation at the “India meets Europe” 100 Smart Cities Berlin Summit

At a time when India and Germany are orchestrating a paradigm shift in their bilateral economic relations highlighted by increasingly diversified cooperation, a high-powered FICCI CEO's delegation is set to visit Germany to participate in the “India meets Europe” 100 Smart Cities Berlin Summit at the Metropolitan Solutions 2015 to be held from May 20-22, 2015. The member delegation comprising senior industry leaders from Urban & Infrastructure Industry will be led by Mr. Pradeep Puri, Chairman, Urban Infrastructure Committee, The Federation of Indian Chambers of Commerce and Industry (FICCI) Executive Chairman, IL&FS Water Limited and will have companies mainly from the energy sector and in the urban development space. This is in sync with the importance being given by the NDA Government to development of clean energy and sustainable development of cities with focus on water, transport and waste management.

## Partners

German RETech Partnership  
Recycling & Waste Management  
Made in Germany

KfW

## The aim of the summit is to:

Highlight the initiatives and policies of the Indian Government & State Government to accelerate the Smart Cities projects.  
Create a platform for dialogue and exchange information, share knowledge, support technology, innovation, experience and best practices in the area of Smart Cities.  
Present potential Investment opportunities in Indian Smart Cities projects.  
Provide opportunity for European companies to showcase their competence, products and services for the development of "100 Smart Cities in India"
